OZARKS TECHNICAL COMMUNITY COLLEGE

180-DAY GRADUATE FOLLOW-UP 2010

INTRODUCTION

The Missouri Department of Elementary and Secondary Education (DESE), through the Division of Career Education, requires that all community colleges conduct a 180-day follow-up questionnaire on all occupational graduates. This includes Ozarks Technical Community College (OTC) post-secondary graduates of Associate of Applied Science (AAS) degree and Certificate (CT) programs and secondary graduates who attended the OTC Career Center their junior and/or senior year and graduated in Spring 2010 from their district high school. The questionnaire collects data from graduates that show whether students are employed in a related or non-related degree/certificate or training area; whether students are continuing education in a related or non-related degree/certificate or training area; whether students are in the military in a related or non-related degree/certificate or training area; or whether students are not employed for various reasons.

The following pages are a compilation of the follow-up results. A questionnaire, designed to incorporate the statistical needs of DESE and OTC, was mailed to nine hundred seventy-eight (978) 2009-2010 Allied Health, Technical Education, and Career Center graduates as verified by the offices of the OTC Registrar and the OTC Career Center. Graduates were given the option to mail back their completed survey or access the online questionnaire. Every effort was made to locate or contact students who did not respond to the first questionnaire through a second questionnaire, followed by a series of telephone calls, emails, and requests from faculty and staff.

The questionnaire was mailed to **595 post-secondary** graduates whose degrees or certificates were conferred in the Summer, Fall, and Spring terms of the 2009-2010 academic year. The questionnaire was also mailed to **383 OTC Career Center secondary** students who graduated in the Spring term of the 2009-2010 academic year and were enrolled in various career and technical education programs. One hundred sixty-seven (167) post-secondary graduates returned the questionnaire, after two mailings, for a response rate of 28%. Eighteen (18) secondary graduates returned the questionnaire, after two mailings, for a response rate of 5%. Therefore, a total of seven hundred ninety-three (793) post-secondary and secondary graduates (81%) required a minimum of three or more contact attempts. All attempts resulted in a 90% survey completion rate.

At the same time, 135 post-secondary graduates (23%) reported continuing their education at a two-year or four-year college or university. Seventy-five (75) graduates or fifty-six percent (56%) of the respondents indicated they were currently enrolled in a two-year college, with 95% continuing at Ozarks Technical Community College. Sixty (60) graduates or forty-four percent (44%) reported continuing their education at a four-year college or university including Drury University (15%), Missouri State University (38%), St. John's College of Nursing and Health Sciences at Southwest Baptist University (17%), and the University of Missouri (7%).

One hundred eighty-three (183) secondary graduates (48%) reported continuing their education at a two-year or four-year college or university. One hundred fifty-four (154) students (96%) of the 161 students who continued further studies at a two-year college enrolled at Ozarks Technical Community College in a related (50%) or non-related (50%) program of study.

Data from completed questionnaires is used to produce information for external and internal reports and can be used as supporting information in determining the instructional effectiveness and continuing improvement of curriculum of OTC programs and as a reference guide for those faculty and staff who work with students in an advising and career counseling capacity.

OZARKS TECHNICAL COMMUNITY COLLEGE
180-DAY GRADUATE FOLLOW-UP 2010

FOLLOW-UP CATEGORY DEFINITIONS
Defined by DESE

- Employed Related (**EMP R**) – Employed in a field or closely related field to their degree/certificate or training received.
 - Employed Not Related (**EMP NR**) – Employed in a field not related to their degree/certificate or training received.
 - Continuing Education (**2YR R or 4YR R**) – Continuing education at a 2-year or 4-year college in a field related to their degree/certificate or training received.
 - Continuing Education Not Related (**2YR NR or 4YR NR**) – Continuing education at a 2-year or 4-year college in a field not related to their degree/certificate or training received.
 - Employed Related & Continuing Education Not Related (**EMP ER**) – Employed related and continuing education in a field not related to their degree/certificate or training received. (Secondary Students Only)
 - Military Related (**MIL R**) – Serving in the military in a field related to their degree/certificate or training received.
 - Military Not Related (**MIL NR**) – Serving in the military in a field not related to their degree/certificate or training received.
 - Not Available for Placement (**NA**) – Known to be unavailable for placement. Possible reasons include illness, disability, death, incarceration, loss of work (green card), or personal preference.
 - Other (**OTH**) – Not included in specified categories.
 - Status Unknown (**UNK**) – Unknown follow-up status.
-
- Total Related Placement (**TRP**) – Total of the EMP REL, CED REL, and MIL REL categories.
 - Total Placement (**TP**) – Total of the EMP REL, EMP N-R, CED REL, CED N-R, MIL REL, and MIL N-R categories.
