

Review for Chemistry

The Speckman Tutoring & Learning Center (TLC) is hosting a workshop to prepare students for chemistry. The workshop will be no longer than one hour and forty five minutes. There will be a ten minute break during the class. The workshop is meant to prepare any student entering CHM 101 or CHM 111. The following topics will be covered.

- A review of basic algebra.
- An introduction to basic unit conversions.
 - How units work in equations and expressions.
 - How to use conversion factors.
 - How to use rates and density in conversions.
- An introduction to Significant Figures.
- Brief introduction to the TLC, and what it can do to help you succeed.

Workshops are **FREE** to any OTC student who is enrolled in one of the previously mentioned classes or plans to be.

In order to take advantage of this opportunity, you must pre-register. Please come to the Speckman Tutoring & Learning Center (ICE 212), call 447-8164, or e-mail cottrelk@otc.edu with your name, and a contact phone number.
