

Do You Want a Head Start on Your next MATH Class?

The Speckman Tutoring & Learning Center (TLC) is hosting Math Workshops before the Fall 2010 semester begins. Sessions will last 1 hour and 15 minutes.

Workshops will include:

- Review of key concepts
- Identification of math weaknesses
- Distribution of materials for self-review
- Brief introduction to the TLC and what it can do to help you succeed
- Study techniques, strategies, etc.
- Test-taking skills and practices

Workshops are **FREE** to any OTC student who has met the prerequisites for MTH 040, 045, 050, 055, 110, or 130 for the Fall 2010 semester.

In order to take advantage of this opportunity, you must pre-register. Please come to the Speckman Tutoring & Learning Center (ICE 212), call 447-8164, or e-mail mathhelp@otc.edu with your name, the session you are planning to attend, and a contact phone number.
